

# Grow with Me

This fitted quilt is pretty terrific—it's got two lives and here's the specifics:

It starts out as a "crib sheet," fitted and snug!

But what's this? Baby's grown, and needs a blankie to hug.

For blankie's second round, all this quilt needs is to be trimmed and then bound.

Now you've got it—two lives in one:

from sweet baby's bed sheet to a quilt—oh what fun!
